## PRESIDENT ALUMNI ASSOCIATION

25 years of giving hope, 25 years of opportunity, 25 years of making a difference, 25 years of building smiles. 2023 is a momentous year for VSPMDCRC as we celebrate the 25th Anniversary of our journey to nurture the next generation of dentists. This was due in 2021; however we refrained from celebrating due to the pandemic. For the past decade, VSPMDCRC has produced high quality dentists and provided excellent dental services to the patients and community. The college has certainly travelled a long way in these years of its existence.

VSPMDCRC could not be prouder to witness the success stories of its students globally. These significant milestones are the testimony of all the hard work of VSPMDCRC's visionary Chairman and Management, hardworking teachers and ever supportive staff which ensured an environment of constant education and learning to make a difference. I thank the management for their constant support towards this endeavour. The corridor of VSPMDCRC ring with cheer and joy as they witness silver jubilee in much enthusiasm.

## SECRETARY ALUMNI ASSOCIATION

A Silver Jubilee is a significant milestone in an institute's vibrant journey. It glorifies the sequential, multidimensional development of an institute, especially the promise to move ahead and achieve higher goals. It is a proud privilege for me to serve as Organizing Secretary of Alumni Association as well as of Silver Jubilee celebrations of VSPM DCRC my alma-mater.

During the COVID 19 the institute used the online platforms to connect with alumni. The team began with scholastic online sessions called E-Alumni-vista, which were organized by the alumni and for the alumni. Another, innovative series – DENT-TALKS was initiated online which dealt with issues of our day to day life and we had stalwarts talking in their respective fields. With an unwavering of management we planned health exhibition, mega camps, Beautiful smile contest, National Student Dental Conference – SYNC 2023 and the concluding event REUNION 2023, inviting alumni of the first 25 batches.

I thank all the teachers, seniors, juniors and dear students who had faith in me and hence bestowed this responsibility on my shoulders. The organizing committee has left no stone unturned to make this event a grand success.

## FROM THE EDITORS DESK...

Dear Friends,

It is a matter of immense pleasure to be given the task of preparing the VSPM's DCRC Souvenir, 'Alumni Memento' for the silver jubilee celebrations. It seemed a daunting task at first to collect data for the last 25 years. However, the concerted and persistent efforts of the team and excellent cooperation from the senior and junior alumni, we were able to collect and compile the information. The experience was enriching as we got the chance to interact with the past Deans, past faculty and the alumni senior as well as juniors of VSPM DCRC who gave their valuable time and took efforts to search for memories and experiences of VSPM DCRC from their archives. All of them have a valuable contribution in shaping this book.

We have tried to meticulously compile all the information we received from you all and the present college authorities in this coffee table book 'Alumni Memento'. In this herculean task if there are some inadvertent errors we believe you all will pardon us and relish this book of memories of VSPM DCRC.

It gives me immense pleasure to learn that, VSPM's Dental College & Research Centre (DCRC), Nagpur, is celebrating its Silver Jubilee with an illustrious track record in academics, research and service to the society. I am aware of the journey of VSPM DCRC so far which is amongst one of the premier institutes known for their excellence in Oral Health education, research, innovation, awareness campaigns and services provided to one and all including marginalized people. Oral Health issues in India are critical for the overall health and good quality of life of our fellow citizens. Oral diseases affect all age groups. Oral health has been neglected over the years due to lack of awareness among the general population and even health care workers, especially those from rural and remote areas. Therefore, it is desirable that all such institutions take initiative for mass awareness and come forward to provide cost effective solutions to the oral health problems of all those who are in need. I am happy to note that, same is being done with zeal and dedication for years together by VSPM DCRC.

I congratulate each and everyone in the institute for their contribution.

The Silver Jubilee Celebrations of such an institution of repute should not remain limited to the premises of the same. With acclaimed achievements to its credit in Academic Training, Clinical expertise, Research & Innovation, I feel that VSPM DCRC is poised to expand its horizons and connect larger segments of society. It is indeed heartening to note that, to mark the Silver Jubilee occasion, numerous programmes and initiatives have been planned. I wish each one of them a grand success and extend heartiest congratulations to the Team VSPM DCRC on the occasion of Silver Jubilee.

It gives me immense pleasure to learn that one of the eminent and prestigious institutes of repute in the field of oral health- VSPM DCRC NAGPUR is celebrating silver jubilee. I congratulate one and all from VSPM DCRC family on this occasion to celebrate. As we all are aware oral and dental health plays the crucial role in defining overall health of the society.

There is a growing demand across the world for the oral health care professionals since the rate of awareness is high. However, in India's context the awareness is much lesser than what is desired. Any entity like us, involved in the any sector of health care can extend great help to the maximum possible extent to maximize the awareness.

While I always wish to be a part of such endeavours on behalf of MSDC, I am pleased to extend my best wishes on this occasion of silver jubilee wherein the moments to cherish, moments to learn and moments to serve will be created. All the best.

I am glad to know that on the occasion of Silver Jubilee, various programs were organized viz. Dento Quiz, Power Point competition and the National Student Conference and release of souvenir is planned. Society has great expectations from the doctors, specialists & other stakeholders in this field, as their work has direct bearing on improving the quality of life of the people. It is gratifying to witness the effort taken by the team of Dental College to fulfill it.

Souvenir is the best platform to showcase the journey & achievements of the institute which will be an encouraging ride for the upcoming faculties and students and I heartily congratulate Dr Usha Radke, Dean, VSPM's DCRC and Dr Devendra Nagpal, Chairman, Souvenir Committee and the enthusiastic team of Institute on this occasion. My best wishes for many such future endeavours.

**Dr Maneesha Deshpande**

Principal,  
VSPMsCOP, Nagpur

A quarter of a century is a brief period of time but long enough for an institution that has made an impact and impression in the society.

We began with 60 seats for the undergraduates BDS-degree program to metamorphose into a Post Graduate and PHD program based college that can boast off 100 BDS; 32 seats in MDS and over 15 seats in PHD program every year. This transformation would not have been possible without the encouragement of the management, the Chairman, Shri. Ranjeet Babu Deshmukh, a visionary in the field of education, Dr Ashish Rao Deshmukh, Vice Chairman, Founding Secretary, Shri. Bhausaheb Bhoge and the members of the management have left no stone unturned to see that this institute is one of the most sought dental colleges in the country.

In 2021, the Silver Jubilee celebrations suffered an initial hiccup because of the pernicious COVID-19. Once it started abating we took a resolve to host the celebrations with gusto where we conducted events which were planned and executed with extreme perfection and would be culminating with

Reunion-2023, where we would be playing host to our alumni of the past two decades. I am extremely confident that we shall march ahead with greater vigour and dedication in the coming years and keep the VSPM flag flying high.

**Dr Ramakrishna Sheno**  
Vice-Dean and Director PG Cell

I am delighted to welcome the commemorative Souvenir to mark the Silver jubilee year of VSPM's Dental College & Research Centre, Nagpur. The concept of bringing out a souvenir in the form of a pictorial and descriptive compendium portraying the various facets of the institute, since inception to date, is a vibrant attempt of the editorial team.

I have had the privilege of being associated with the college since the last 13 years and when I look back and recount, I remember what the college was then and how it has now turned into a well-planned, serene and picturesque campus having the most modern infrastructural facilities. It is noteworthy to know that the primary goal of the institute is nurturing the young minds as sensitive people with strong values whose individual achievements will help to strengthen the very fabric of our society at large. The institute is always striving to achieve excellence in all aspects of academic training, research & innovation and also faculty development so as to promote dental and public health practices of the highest standard.

The management has always been, not only supportive, but, also very encouraging in all the endeavors of the institute in order to reach this level of excellence.
